

The Islamic Truth

Issue 12

Islam Is Universal and not Nationalistic.

The Kufr injected the poison of nationalism in our veins. Muslims should use the antidote of the Qur'an and the Sunnah(saw) to renounce their nationalistic past - before its too late!

ISLAM IS UNIVERSAL AND NOT NATIONALISTIC

Islam is Universal and not Nationalistic, Allah SWT revealed the Glorious Quran in Arabic upon his messenger Muhammad (SAW) as a clear warning to humanity. It is an honour to the Arabs that Allah chose Muhammad (SAW) as messenger and prophet from among them, and revealed the Quran in Arabic.

Allah Says: ***"We have sent it down as an Arabic Quran, In order that you may learn wisdom"*** [Yusef 12-2]

'Arabic Quran' Means revealed in the Arabic language, the (tongue) speech of the Arabs. Allah Says: ***"And this book confirms, In Arabic tongue"*** [Al-Ahqaf 46-12]

For the Quran to be in Arabic does not make Islam limited to the Arabs, because Allah sent the message Universal and encompassing to All. Islam is for the world. Allah Says: ***"We have not sent you but to all mankind, giving them glad tidings and warnings"*** [Saba' 34-28]

It is narrated by Jabr Bin Abdullah that the messenger of Allah says: ***"I am given five that has not been given to any one before me, Every prophet was sent to his people, and I was sent to every red and black"***.

The messenger of Allah started his Da'wah to the Arabs in Mecca, because he was among them. He moved to Madinah after he got their Allegiance in the Second Byah of Al-Aqabah (the Allegiance of War). He established the first Islamic State. Then, through the power of the state and Jihad preceded by Da'wah, he conquered by the well of Allah the Arabian Peninsula. Thereafter, he pursued the world by sending letters to the kings of Persia and Rome and others. The companions and the Muslims after them followed suite in carrying Islam to the world, through Da'wah and Jihad. Doing so, Allah established the Muslims on earth and humiliated Kufr and Shirk. The Kufr states were defeated, and Muslims became the leaders of the world leading humanity to mercy and guidance. They established the rule of Islam at every place they controlled. Whoever become Muslim joins the Ummah to become part of it without distinguishing between Arabs and non-Arabs.

All Muslims are brothers enjoy the same rights and have the same duties. Allah SWT Says: ***"So that by His Grace you became brothers"*** [Al Omran 3-103]

"The Believers are but brothers" [Al-hujurat 49-10]

The Messenger of Allah says that: ***"The Muslim is the brother of Muslim, does not oppress him nor give him away"***.

The messenger of Allah (SAW) stated in the document written in Madinah between Muslims and Jews that: ***"The Believers are one distinct Ummah."*** And said ***"A Believer shall not execute a Believer for a Kafir, Support shall not be given to a Kafir over a Believer, The allegiance to Allah is one and the least of Muslims can lead. The Believers are the support for each other out of all people."***

Islam is a universal message; nonetheless, Allah obliged spreading Islam to the world and utilising the Arabic language. Islam and Arabic are inseparable, for Da'wah to be effective both have to melt into one because both have the capacity to affect, encompass and spread.

In addition, the correct carrying and implementation of Islam depends heavily on the understanding of Arabic. Occurring daily issues require new rulings, which necessitate the process of Ijtihad.

A detailed knowledge of the Arabic language, its grammar, styles, expressions and meanings is an absolute requirement for Ijtihad. Having the ability to do Ijtihad in Shari'ah is Fardu Keyfaya - conditional obligation - that is needed for the life of the Ummah as much as food and water. It has to be clear that the necessity to mix Islam with Arabic does not mean associating Islam with Nationalism. They are two separate entities. Islam is an ideology based on the Islamic creed -Aqeedah- and a body of laws and systems organising life affairs. However, Nationalism is an emotional bond between individuals of specific ethnicity, it is a prejudice tribal bond that emanates from the instinct of survival and the drive for superiority. It is not fit to bind humans or unify them on any thought. While progress requires the elevation of thinking level in society, Nationalism is thoughtless. It does not have a system of live, thus it is invalid for progress. The haleness of Nationalism is realised even by its carriers; therefore, the nationalists seek the support of the existing systems. They use emotions to call for superior ethnicity, which causes division and dispute between nations over sovereignty. A simple screen of Arab countries like Iraq, Syria, Morocco and Algeria where different ethnicity's live shows the extent of dispute Nationalism has caused. The Arabs, Kurds, Turks and Barbrs try to impose control over each others or separate into their own mini states. Islam has forbidden the call for Nationalism. Islam strives to abolish Nationalism and label whoever calls for it as an outsider to the Ummah. The Prophet says that: ***"Whoever calls for Nationalism is not one of us"***.

It was narrated by Abu Hurirah that the prophet (SAW) says that: ***"Whoever fights under nationalistic banner, gets angry for it, calls for it or supports it, and for that gets killed then its a death of Jahilyah"*** and says that: ***"whoever honours himself with the honours of Jahilyah, then let him suck his father's penis, and don't shy out of saying it"***

And the Messenger Muhammad (SAW) also said that: ***"People must stop dignifying themselves by their ancestors, or they will be to Allah less than (Al-Jual) scraps the filth by its nose."*** Nationalism is foreign to Islam. It is founded in the Muslim countries by the help of Kufr states.

It is used to divert Muslims from Islam, divide their unity and demolish their state. Consequently, the Kufr established its ideologies and systems upon Muslims and prevented Khilafah from coming back to the world. It is a noticeable phenomena that the leaders and founders of the nationalistic movements in the Muslim countries are non Muslims. **The Call for Nationalism is a call for Jahilyah that is Haram.** It is an adverse to Islam and a great sin. Its punishment is hell fire and a miserable future. The nationalist parties strive to divert Muslims from their Deen and Aqeedah, and work to prevent the re-establishment of Islamic rules and Al-Khilafah.

Therefore, taking part in such movements or parties is a sin forbidden by Islam. On the other hand, Allah obliged Muslims to commit their lives to Islam and drive all activities and relationships accordingly. However, Islam has been absent from the lives of Muslims. It is absent from the political structure, the domestic and international relations, the economy, the educational policy and the individual affairs. Understanding this reality is an obligation upon us to strive to reverse this process.

We must establish the rule of Allah on earth and bring back Khilafah to carry Islam to the world. The Muslims are in great sin as long as the rules of Kufr and its systems are being applied and as long as the rules of Islam are not fully implemented. The only way to erase this sin is by being actively involved in the work to establish the Khilafah. To this work, we call the Muslims, to liberate our Ummah from the painful reality in which it lives. We have to liberate it from the division and the humiliation of miseries. Liberate the Ummah from the wars in which it lost the best of its youth. The wars that consumed its wealth and destroyed its weapons.

Consequently, the Ummah weakened its ability to face its occupying enemy Israel and liberate its self from the colonial powers of America, Britain and France. For all these reasons and the conspiracies of Arab rulers, Israel spread its destruction without any one to stop it. To liberate the Ummah from the control of Kufr and Kafirs, to bring back its Islam and to revive it as an honourable, dignified and feared Ummah, we call you - Muslims. We have to be an Ummah that affect changes in the world arena and be able to take the lead and be the first power in the world as it used to be.

Allah Says: ***"O' you who believe, respond to Allah and His messenger when He call you to that which will give you life, And know that Allah cometh in between and his heart, and that it is He to whom you shall all be gathered."***

It is obligatory (Fard) to forbid the Munkar. Continued from issue 11

Forbidding the evil (Munkar) is an obligation (fard) upon every Muslim individual, groups or parties, and this must be undertaken if there is an Islamic State or not, or if one is in a Muslim country or in non-Muslim country.

This is with regard to the wrong committed by individuals and groups. But the wrong committed by the ruler, such as unjust treatments, falsely taking the property of the people, preventing their rights, neglecting the affairs of the citizens of the state, slacking in performance any of his duties, disagreement with any of the rulers of Islam, failing to apply Islam, or indeed any other wrong, then it is obligatory upon all Muslims to take him to task, deny his actions, and to work to his actions, and to work to change it, as a nation, an army, parties, and individuals.

If nothing was done then they would all be sinful by remaining silent, and by leaving the forbidding of wrong (munkar) and the necessary acts to change it. Forbidding the wrong and challenging the ruler when he commits wrong will be through taking him to task by tongue, according to what Muslim narrated by Umm Salama that the prophet (saw) said: "There will be leaders (Amirs) where you acknowledge truth for some of their actions and deny some others. Whosoever hated (the wrong) he will free himself (of responsibility), and he who denied will be safe, but what about those who accepted (their wrong) and followed?"

And it was also narrated by Abdullah bin Masoud, he said: The prophet (saw) said: "Nay, by Allah, you have to enjoin the good and to forbid the wrong, and to hold against the hand of the tyrant, and to force him on the truth and to limit him to the truth, otherwise Allah will hit the hearts of some of you against others, then He will curse you as He cursed them".

Similarly the Prophet (saw) made the speaking of truth to the unjust ruler as the best Jihad. He said, "The best Jihad is the word of truth to the unjust ruler".

Other Ahadith (traditions) prohibited rebellion by arms against the ruler except in one case, which was excluded from the prohibition of armed against him, and that case is when he shows an open kufr, upon which there is proof from Allah that is undoubtedly a clear kufr, i.e. if he showed ruling by clear kufr rules, and gave up ruling by the revelation of Allah (swt).

Auf bin Malik al Ash'j'ayi said: I heard the prophet (saw) say: " The best of your imams (leaders) are those whom you love and they love you and who pray for you (call Allah to bless them), and the worst of your imams are those whom you hate and they hate you".

Auf bin Malik said: we said: O prophet of Allah should not we then declare war on them. He said: "No, as long as they establish prayer among you". What is meant in this context by establishing the prayer, is ruling by Islam, i.e. applying the rules of Shari'ah, on the basis of naming the whole with the name of (its) part. It was narrated about Umm Salama that the prophet (saw) said: "There will be leaders (Amirs) where you acknowledge the truth of some of their actions and deny some others; whoever hated (the wrong) he will free himself (of responsibility), and he who denied it will be safe, but what about those who accepted (i.e. their wrong) and followed? They said: should then we fight against them? He said: "No, as long as they implement the salat".

That is , as long as they applied all the Shari'ah rules including the prayer, on the basis of naming the whole with the name of it's part. It was also narrated about Uhada bin Assamiy, he said: "We gave the pledge (Bay'a) to the prophet (saw) on hearing and obedience upon the difficult and easy situations, on what we like and dislike and on preference over ourselves, and that we have not to dispute with the people their authority, unless you see an open kufr, upon which you have proof from Allah the supreme; and that we have to say the truth wherever we are, fearing the blame of nobody for the sake of Allah".

Upon the evidence of these Ahadith (traditions), it is forbidden to cause rebellion with arms against the ruler, except when in the case he doesn't govern with the revelation of Allah (swt), i.e. where he ruled with the laws of open kufr, upon there is undoubted clear proof from Allah that is kufr.

Therefore, for any Muslim ruler who does not govern with the revelation of Allah, and governs instead, with clear kufr rules, it becomes obligatory upon all Muslims to change the system, to remove them from authority, and to overcome the kufr ruling which they govern, and to put fully into application and execution the rules revealed from Allah (swt).

Isreal demand destruction of Islam for peace!

The barbaric Syrian regime arrested at least 60 members of Hizb ut Tahrir in the city of Homs on the 13th and 14th of December 1999. The Syrian intelligence, which has a long history of aggression against the divine rights of human beings and violation of the Shari'ah, broke down the doors of Islamic activists and violated the sanctity of their houses. In some instances even their mothers and fathers were arrested. In addition six members of Al-Muhajiroun were arrested in Beirut by the Lebanese regime at around the same time.

Together with the recent conflict between the Lebanese police and members of Ussbat Al Ansaar it is clear that the Syrian and Lebanese regimes have stepped up their war against Allah (swt), his Messenger Muhammad (saw) and the Ummah to show to their Jewish friends, currently murdering and raping Muslims in Palestine, that their real allegiance is not with the Muslims but with the Jews who have the green light to steal Muslim land in the latest peace process, and that they will not let anyone raise their voice in defiance.

This is the price which Israel have imposed upon the Syrian and Lebanese regimes in order to sign the so-called peace treaty. The struggle to establish the Khilafah and to liberate Muslim land from occupying forces between the Islamic movements such as Al-Muhajiroun, Hizb ut Tahrir, Hizbollah and Ussbat Al Ansaar etc..and the corrupt regimes under which we live, whether they be Muslim or non-Muslim regimes, is bound to lead to attacks against us since what we are asking for is to rid ourselves completely of all ruling by Kufr to be replaced by one Khaleefah world-wide and therefore an end to the hegemony of man made law and subservience to the to the West.

World News!

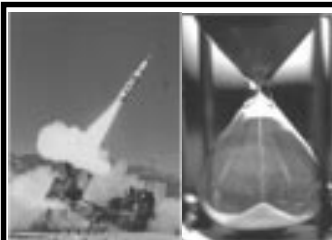

FBI raids Muslim community in US

FBI raids Muslim community, witnesses report of FBI Agents arrests Muslims. By the dozens, the agents emerged quickly and silently from a caravan of unmarked cars that pulled to a stop at dawn on a quiet stretch of East Eighth Street. Many were dressed entirely in black, from their pullover facemasks to their body armor. They carried protective shields, battering rams, assault weapons. Some led police dogs.

They made their way down side streets toward their target, a three-story building at the corner of Newkirk and Coney Island Avenues, and then raced inside — some through the main entry and others up a fire escape — until they were crowded into a narrow second-floor hallway outside apartment No. 1. Smashing the door open, they burst inside screaming. "It was 10 minutes of wrestling," recalled Sebastian Pinochet, 19, who lives in the next-door apartment. As word spread that the agents had come looking for associates of a suspected Algerian terrorist, the neighborhood reacted with two distinct strains of fear: one of terrorism itself, the other of being unfairly stigmatized by law enforcement agencies and the news media. The Muslim community in the US lives in fear as this clearly shows that being a Muslim you're automatically Labeled as terrorists by the media and the US government, **A Muslim in America is guilty until proven innocent.**

Lebanon. Jordan and Syria in a confederation?

Amman rejected press reports that plans were underway for a confederation between Lebanon, Jordan and Syria, saying the matter was only a "proposal." Deputy Prime Minister Ayman Majali was quoted in the daily Al-Doustour as denying "the existence of an agreement" about a confederation plan. "This is merely a proposal put forward (in the press) a few months ago, about a union between the three countries, and the matter has not got beyond the proposal stage since then," said Majali, who is also information minister. The January edition of the Paris-based Al-Qarar Arab monthly

The biggest battle in history will be waged soon, with the Kufr and the Muslim hypocrites [baatil] on one side, against the true believers [Haq, those who follow Allah(swt) commands comprehensively]. Muslims Young and old are advised to prepare for Jihad and equip themselves with the true essence of Islam - before its too late!

quoted sources "very close" to the Syrian delegation at the Washington peace talks with Israel saying such a confederation was being planned. It said the plan had the approval of Saudi Crown Prince Abdullah bin Abdel Aziz and United Arab Emirates President Sheikh Zayed bin Sultan al-Nahayan while the United States and Israel have pledged not to oppose it.

Last summer Jordanian and other Arab papers carried reports that the three countries were planning to set up an economic union or confederation, but they were denied by Amman. King Abdullah II said at the time that Jordan preferred to maintain bilateral ties with all Arab countries. This confederation will indeed pressure Israel to sign up for a peace deal even more as it will face not only Syria but the total confederation bloc led by it's arch rival Syria or rather America who sits quietly and pulls the strings. Regarding the confederation Israel has no choice but be silent. For whatever it says will be of no significance rather its resistance will only push the states to go ahead with the deal. Jordan is resisting the deal as it has deals with other nations like Israel among others. The peace deal is that Israel gives up most of the Golan Heights for an exchange that there will be total removal of Syrian forces from Lebanon. Muslims must acknowledge that the strategic Golan Heights is Muslim land, if this peace deal goes ahead the true owner of the land will be America, for it will not be under the control of Syria but rather under the control of America, Americas long term objective is to keep it's stronghold over the Islamic lands so it can continue to steal it's resources, America controls over 50% of the worlds wealth while it has only a 6.3% population.

Russian's Face stiff Opposition

The soldiers in Russia's 74th Brigade call the pile of bricks and concrete on the outskirts of this Chechen town "the white wall." The bulwark lies in the shadow of the Caucasus Mountains and marks one of the deepest lines of the Russian advance into southern Chechnya. It is also a primary target for hundreds of mujahadeen fighters hiding in Chechnya's high country. Russian troops here are anticipating a major attack in the next few days. So are the Chechen residents of Avtury. Many are packing up and getting out. We are shelled by mortar fire every day," said Anton Kuzin, a private in the Russian Army whose bandaged right hand was injured by shell fragments. Most of the world's attention is focused on Grozny, the Chechen capital that Russian forces have pounded for months and where Russian casualties are beginning to mount as they now try to take the city. But there are two fronts in this war: Grozny, in the Chechen lowland, and the mountains here in southern Chechnya.

Under heavy fire, the mujahadeen fighters have retreated into both regions, but they have hardly given up the fight. Instead of fleeing deeper into the mountains, the mujahids have been trying to counterattack. The mujahadeen according to Russian forces aim to reunite their forces by blasting a path from their mountain hideouts to Grozny and other Chechen towns in the lowland to the north. There are more than 100,000 Russian troops in Chechnya and some 8,000 rebels, according to Russian estimates. The Russians also have the superior firepower. They have tanks, self-propelled artillery and armored personnel carriers. The Russian artillery are barraging rebel camps, sending thunderous booms through the mountains. But even with such an overwhelming advantage, Russian soldiers say they are up against a determined enemy.

The Russian forces have clearly not learned from the 1994 war with the Mujahideen, they suffered heavy losses then and In'sha Allah they will again suffer.

Muslim Attacks Russian Embassy In Beirut

At least three rocket-propelled grenades were fired into the Russian embassy compound. One policeman is reported to have been killed and several wounded as security forces stormed the building where the gunman was holed up on the fifth floor. An official statement by the security forces said rocket-propelled grenade launchers, ammunition and a Kalashnikov assault rifle were found inside the building. Lebanese state television said there was only one gunman, a Palestinian who wanted to die as a martyr in protest at Russia's assault on Chechnya. A note reported to have been found in his pocket read: "I martyred myself for Grozny". The Russian embassy building is not believed to have been damaged. Charge d'affaires Andrei Polyakov said three grenade craters had been found in the embassy grounds.

Lebanese Muslims opposed to Russia's military campaign against Muslims in the Caucasus have staged protests against Moscow and have been raising money for Chechens. Muslims around the world will never remain silent and passive, against this Russian aggression which taking place in Chechnya. We fully indorse the actions of this martyr and we pray that Allah (swt) will grant him paradise for his actions. The Muslims have duty to support the Muslims in Chechnya whether this may be financial, verbal or physical. The Messenger Muhammad (saw) said that "the Muslims are one unique Ummah distinct from all other peoples and Nations and their

land, peace, war and honour are one'.

Britain Allies with the United States and Russia

The infiltration of Islamic groups by Kufr concepts, has been well documented and is the result of careful planning and years of hard work by the enemies of Islam. After the Second World War, the British Foreign Minister said ::

"We must put an end to anything that brings about any Islamic unity between the sons of the Muslims as we have already succeeded in finishing off the Khilafah and we must ensure that there will never arise again unity for the Muslims, whether it be intellectual or cultural unity."

Should Muslim's living in Britain be part of the conspiracy against ISLAM?
