

## Advice & Warning to All Jews & Muslims in the UK

Following the stabbing of a Jew in Stamford Hill we issue this press release as a warning to all Jews and Muslims in the UK and elsewhere so that they can be aware of the consequences of the conflict taking place in Palestine under the occupation of Israeli Jews and of the consequences of the hostilities and aggression for Israeli interests and aggressors world-wide.

We would like to make it abundantly clear that it is an Islamic obligation upon Muslims everywhere to support the Jihad against those who fight Muslims anywhere in the world or who occupy Muslim land and that this support must be financial, physical, military or verbal. However Muslims must be disciplined and ensure that they do not target any civilians or any person who are not a legitimate target according to the Shari'ah. Hence we hereby publicly condemn the stabbing of the Jew in North London as a violation of the Shari'ah and call upon all Jews to distance themselves completely from the atrocities being committed by the fascist Israeli regime against Muslims in Palestine.

We urge Jews in the UK and elsewhere not to show any support for the Israeli regime whether verbal, financial or physical or they may allow themselves to become targets for Muslims everywhere.

The Qur'an is explicit in making Israeli aggressors and occupiers legitimate targets for Muslims wherever they may be. The divine evidence for this from the Qur'an is that Allah (swt) says:

"And kill them wherever you meet them and turn them out from where they have turned you out" [EMQ 2: 191] and " If anyone commits aggression against you retaliate against them in equal manner" [EMQ 2:194] and "Fight for the sake of God those who fight you and do not do transgression for Allah loves not the transgressors" [EMQ 2:190]

Muslims in the UK must also be vigilant in ensuring that they do not fall into the trap of supporting Yassar Arafat and the nationalistic call for an independent Palestine of 13% of what was occupied in 1967 since this is an affront to Islam, rather we must struggle for the liberation of all Muslim land occupied since 1948! Arafat is an oppressor no better than Mubarak and Fahad as one who has violated the Shari'ah, who does not call for the Islamic solution, who does not therefore stand for the interests of Muslims and who has alliances with those at war with Islam and Muslims which is prohibited in Islam. In addition Muslims in the UK must distance themselves from those who go with their begging bowls to Blair to

**The Kufar working with so called Moderate Muslims to kill the believing Muslims, establish a further secular state called Palestine and support the Israeli Zionist state.**

ask for his help when it is the British themselves who are killing us in Iraq, it is the British who support Israel, it is they who gave Palestine away in the first place under the Balfour Declaration and it is they who spearheaded the destruction of the Islamic state!!!

In response to the killing of a Jew in North London Sheikh Omar Bakri Muhammad, the Principal Judge of The Shari'ah Court of The UK said: 'I warn and advise the Jewish community in the UK to distance themselves from the state of Israel. Muslims are not after the Jewish nations and communities around the world although Muslims are obliged to target those who are aggressors or occupiers regardless of their religion or colour, whether they be Russian forces in Chechnya, Hindu forces in Kashmir or Jewish forces in Palestine or indeed in any part of the world.

Therefore if you support Israel financially, verbally or physically you will become part of the conflict.'

Sheikh Omar added in a talk delivered in Derby yesterday: 'I call upon Muslim around the world to march towards their government buildings, parliament and presidential palaces, to occupy them and to depose their leaders as a step forward and to take charge and send the Muslim armies to fight the aggressors and occupiers and to establish the Khilafah (i.e. the Islamic State)'

In addition he said 'I call the Muslims world-wide to resist all man made law wherever they are and to introduce Islamic law'

He added 'It is wrong to burn the US, UK and Israeli flags alone, rather these must be burnt together with the flags of the Arab regimes including that of Palestine because the issue of Palestine is not a Palestinian or Arab issue rather it is an Islamic issue concerning Muslims world-wide.'

Moreover the Sheikh said: 'I pray to almighty god to unite Muslims world-wide against the secular man-made regimes and to implement Islam the way God has united the Muslims world-wide against the occupiers'

## Israel inducts heavy arms

GAZA CITY, Oct 30: Israeli forces on Monday brought out their heavy weaponry in another day of intense violence in the Gaza Strip, while in occupied east Al Quds two Israeli security guards were shot at point-blank range outside an Israeli government building, witnesses said.

One of the security guards died later of his injuries, police said. More than 90 people were wounded in violent confrontations in the Gaza Strip, with witnesses claiming the Israelis fired shells and rockets into the southern border town of Rafah and opened fire with machine-guns mounted on tanks at the Karni crossing, near Gaza City.

The witnesses said the Israeli army fired shells from tanks and an army post, and later rocketed a section of Rafah, on the border with Egypt, injuring three people.

Seventeen other Palestinians were injured during clashes on the edge of the town between stone-throwing youths and Israeli troops, hospital sources said.

The tanks opened fire, the witnesses said, after Israeli soldiers came under fire while trying to remove a military vehicle damaged early Monday by a roadside bomb when an Israeli officer was wounded.

Saudi cabinet: Saudi Arabia on Monday urged the United States to exert pressure on Israel to put an end to the ongoing clashes with Palestinians.

"The Saudi kingdom calls on all those countries wanting peace, notably the US, a sponsor of the Middle East peace process, to play a crucial role in ending Israeli attacks against the Palestinian people," said the Saudi cabinet, headed by King Fahd.

The cabinet said that such a contribution from the United States "will help advance the peace process that Israel is trying to derail by ignoring all the accords" struck with the Palestinians.

King Fahd, quoted by the official SPA news agency, expressed "his deep regret at Israel's policy of continuing its odious aggression and its use of its huge war machine against the unarmed Palestinian people, against innocent children, women and the old". **Source:** AFP

**Comment:** The Saudi Regime, which incredibly has been setup by the same Kufar forces led by Britain & US are those that are supporting the Israeli aggression against Muslims in Palestine. Our beloved Prophet informed us that "...their will be no peace until the day of judgement, true peace can **ONLY** be established under the justice of ISLAM". So, how can these Kufar regimes planted in our Muslim Lands dictate peace to us when we have been warned by Allah(swt) & Muhammad (SAAW) that the system of ISLAM is the **ONLY** method to establish peace?

For the Saudi's to ask the US, the Kufar to mediate and resolve the conflict is a direct attack against Allah(swt) & the Messenger(SAAW). The Saudi Regime must be removed by force, they are a Kufar entity and Muslims in Saudi are commanded by Allah(swt) to remove this corrupted western regime and work to re-establish Al-Khilafah. As for Muslims here in the UK, join an Islamic group working for this cause and ready yourself for the true Islamic System which will be implemented very soon. Your role will be as generals, governors, teachers, technicians, scientists, doctors of the state - you will all have a role regardless of your skills. Contact Al-Muhajiroun

## Kazakhstan on alert for Islamic rebels

ALMATY, Kazakhstan (Reuters) — Kazakh President Nursultan Nazarbayev called on Tuesday for vigilance to counter the threat of insurgency by Islamic rebels who have already fought government forces in two neighboring Central Asian states. Rebels thought to belong to the Islamic Movement of Uzbekistan, opposed to Uzbekistan's secular President Islam Karimov, have entered both Uzbekistan and neighboring Kyrgyzstan from their bases in a third country, Tajikistan, in recent weeks.

Fierce fighting between rebels and government troops has left dozens of dead on both sides. The insurgents are thought to be supported by Afghanistan, which lies just south of Tajikistan. Kazakhstan, the largest republic in former Soviet Central Asia, does not border Tajikistan, but it does have frontiers with both Uzbekistan and Kyrgyzstan. Nazarbayev said Kazakhs could not afford to be complacent.

"Kazakhs must understand that we cannot stand aside from these threats. All southern regions of the country must be absolutely vigilant. In all border regions local militia, the KNB (formerly the KGB, the security forces), armed forces and others must work together." The five former Soviet Central Asian states are largely secular after 70 years of Soviet rule, and their leaders feel deeply threatened by the possible spread of Islam from Afghanistan and Iran.

Nazarbayev described militant Islamic propagandists as "aliens" who wanted "to force women to wear the veil and men to grow beards."

Central Asian heads of state met in Bishkek, the capital of Kyrgyzstan, on Saturday to discuss ways of dealing with religious extremism. Russia was represented by Sergei Ivanov, secretary of its Security Council. **Source:** Reuters
