

Muslims beware, the British Government is tightening its grip by enforcing New laws to stop the spread of Islam both in the UK, Europe and the world!

RAMADHAN: MONTH OF INTIFADAH

The Scholars around the world have declared it, Muslims must support it and the Mujahideen will fulfil it!

In light of the increased and continuing atrocities being committed by the fascist State of Israel the Islamic Scholars around the world have declared this Ramadhan a month of Intifadah and it is a divine obligation upon the Muslims world-wide to respond to this call from the scholars of Islam verbally, financially, physically and militarily!

Allah (SWT) has granted the Ummah of the Messenger Muhammad (saw) many great blessings one of which is this month of Mercy and forgiveness. Every era of Islamic history shows us that the Month of Ramadhan has always been a time when Muslims have striven even more to please their Lord Allah (SWT) in Daw'ah and Jihad since these duties carry with them reward unequalled from amongst all the obligations placed upon us in the divine text. Verily Allah (SWT) says in the Qur'an: "Say: If it be that your fathers, your sons, your brothers, your mates, or your kindred: the wealth that ye have gained: the commerce in which ye fear a decline: or the dwellings in which ye delight? are dearer to you than Allah or his Messenger, or engaging in Jihad (whether verbal or military) in his cause: then wait until Allah brings about His decision: and Allah guides not the rebellious." [EMQ 9: 24]

Many great battles were fought and won in the past during Ramadhan including that of Badr, the conquest of Mecca by the Messenger Muhammad (saw) and the liberation of Palestine from the Crusades under the leadership of Salah-uddeen (ra). As we enter Ramadhan let us learn from these lessons and from the Sunnah of Rasoul Allah (saw). Let this Ramadhan be the one when Palestine is rid once and for all of its occupiers be they Jew, Christian or other. Let this Ramadhan be the one when the prophecy of Allah (SWT) in the Qur'an is fulfilled: "And we decreed for the Children of Israel (i.e. the Jews) in the book, that twice would they do mischief on the Earth and be elated with mighty arrogance and twice would they be punished!.." [Once in the time of the Messenger Muhammad (saw) and another as yet unfulfilled but prophesised as follows] "?So when the second of the warnings came to pass we permitted your enemies to disfigure your faces, and to enter your temple as they had entered it before, and to visit with destruction all that fell into their power?" [EMQ 17:5-7]

Verily Allah (swt) says in the Qur'an: "If they seek your

support you must support them " [EMQ 8:72]. And: "Spend for the cause of Allah (i.e. Jihaad) and do not contribute to your destruction by you miserliness" [EMQ 2:195] and "Why must you not fight for the sake of Allah and of those who, being weak, are ill treated and oppressed, men, women and children whose cry is: our Lord rescue us from those people who are oppressors and raise for us from thee one who will protect, and raise for us from thee one who will help" [EMQ 4:75]

Do not miss the opportunity to gain the pleasure of Allah (SWT) by neglecting this obligation. Do not recite the Qur'an without fulfilling the right of Tilaaawat i.e. to recite, understand and to act upon it. Just as you do not wish for Allah (SWT) to neglect you with his forgiveness do not neglect his servants who are being oppressed in Palestine, Chechnya, Kahsmir etc?

This is indeed a great month which is upon us, a month when Allah (SWT) promises forgiveness and mercy for his servants who struggle and strive to please him. A month when our supplications will be accepted Insha'allah and when the Mujahideen are prepared.

A month when our beloved Messenger Muhammad (saw) used to increase his generosity and supplications, a month when the gates of heaven are opened and those of hell-fire closed. So let us increase our efforts to support the Mujahideen, let us increase our duas to give us victory sooner rather than later, let us purify our wealth by financing the Jihad against the enemies of Allah (SWT).

Let us respond to the call of the Scholars and Islamic Movements. Let us make this Ramadhan one of Intifadah. Let us work to liberate all our land under occupation and return the rule to that which Allah (SWT) has revealed i.e. Al-Khilafah.

Mauritian Government crackdown on Muslim Groups

The barbaric Mauritian government has continued its ongoing vicious crusade against Islam and Muslims during Ramadhan with the arrest and torture of the Islamic activist and leader of Hizbollah in Mauritius Mr Mohammad Cehl Fakeemeeah for the totally fabricated allegation of 'giving instructions to commit the murder of three drug dealers.'

Mr Fakeemeeah is well known among sincere Muslims world-wide for his struggle against the corruption of the

Mauritian regime headed by Mr Jugnauth (of the MSM party currently in an alliance with the MMM as Mauritius's formal government) who is on record as having said that the Qur'an is "Insanity" and whose deputy Mr Paul Berenger (of the MMM) is on record as having stated on a radio station in London that the Shari'ah is retrograde.

The latest affront to justice, whether man made or divine, is the arrest of Cehl Meeah (as he is better known) for a triple murder which took place on the eve of a local election in October 1996.

Ironically members of Hizbollah were arrested after the murder but released some 18 months later because no evidence was found linking the murders to Hizbollah. The current deputy, Mr Berenger, however maintained his accusations and following his victory in subsequent elections he has now found himself in a position to release his wrath on the Muslim community in Mauritius once again.

Having been refused any form of legal representation the corrupt Mauritian regime state that Cehl Meeah wishes to 'exercise his right to silence' however the horrific truth has come to light that he is being tortured in Prison, that he has sustained broken ribs and is currently hospitalised! To add insult to injury the fascist Mauritian government have even tried to give Cehl urine to drink to break his fast during this blessed month!! May Allah (SWT) curse them.

The call for Islam and the Islamic State (Al-Khilafah) around the world has brought with it increased animosity and atrocities from regimes adamant that they will do all they can to hold onto power so that they can continue their hegemony and oppression. In this respect

Mauritius is no different. Indeed prison deaths are not a new phenomenon for those who dare to speak up against the evil of their political system.

We call upon Muslims everywhere to raise awareness about the plight of our Muslim brothers and sisters being tortured and oppressed around the world, to continue the struggle against man made law and not to let the efforts of those who have made the sacrifice be lost.

Faisal Khan, the current Mauritius leader of Al-Muhajiroun (and ex-deputy leader of Hizbollah in Mauritius) said that: 'The arrest of Cehl is part of the conspiracy against Muslim activists and Islamic groups around the world'

May Allah (SWT) give our brother Cehl strength during this time and accept our duas to establish the Islamic State to rid us of the injustice and brutality of man made law?Ameen.

British Government Brandish all Muslims as Terrorists

Oh Muslims and Islamic Movements we send out to you a warning that you may rise and take attention In February of this year the British government is preparing to enforce new legislation in this country in the form of the

Terrorism Act 2000 whose aim is to curb the activities of Muslims and Islamic movements. This legislation is a blatant reprisal of the Muslim community in this country. The legislation could potentially brandish almost all Muslims as terrorists.

Listed here are just some of the people that this new Act intends to target with the threat of arrest, detention and imprisonment:

- Muslims who support other Muslims or Islamic groups (whether here in the UK or anywhere around the world) that are fighting Jihad(fisabeelillah) in the way of Allah (swt) or working for the establishment of the Islamic State (Khilafah).

Note: The word 'support' here entails either verbally, financially or physically. Muslims who collect, raise or donate money to the cause of the Jihad around the world.

- Muslims who dress in a certain way as to rise suspicion that they are a supporter of Jihad or a member of an Islamic Movement proscribed under the Act wherever based around the world. This dress code here could be the Palestinian scarf or turban?etc.

- Muslims who possess any material that is calling/supporting/endorsing the Jihad and mujahideen or Islamic Movements around the world working for the implementation of Islam.

Note: 'Material' here means any books, literature, video or audio, web-sites?etc.

If you fall under the categories of any of the above then you will be considered a terrorist according to this new law and will thus be dealt with as such.

This new legislation will give the police the power to arrest you, raid your house or take your property and search anybody without requiring a warrant at anytime they feel necessary.

This is a direct attack and a declaration of war against the Muslims. It means that the British establishment will have an excuse to target Muslim individuals or group and infringe upon their sanctities because they fulfil their obligations to Allah (swt).

A taste of this impending new law has already been seen in the arrest of Khalid Al-Fawwaz who has been detained for over 2 years in Brixton prison upon the request of the FBI without any evidence of having committed a crime, without being charged or having had a court hearing. Numerous other Muslims active in Da'wah and Jihad have also been arrested, had their houses raided in the early hours of the morning whilst their families were asleep and had their belongings taken.

Allah (swt) has legislated that we fight those who fight us and repel those who occupy our lands (as in Kashmir and Palestine) and we have been commanded to support the Jihad verbally, financially and physically. It is also part of our belief that the Muslim Ummah is one Ummah and that is mandatory to help and support our Muslims

brothers and sisters all over the world. In addition we have been commanded to rule and judge the affairs of the people by Islam and to implement Islam comprehensively in society. We have been ordered to learn about Islam, whether this be about Jihad or the Shari'ah. In consequence we can clearly see that Islam and the Muslims will be discriminated against when this Act becomes law.

O Muslims, this legislation is endeavouring to prevent us from practising our Deen (Islam). The Muslims are the ones who are targeted by this legislation because Islam is the only belief in the world that has a complete way of life giving us rules and regulations for all issues including how to dress, to fight and to rule over the people. This law aims at making the Muslims vulnerable and subservient to the law of the land and for Muslims to leave their deen. Verily Allah (swt) tells us in the Quran: "The Jews and Christians will never be satisfied with you until they take you away from your Deen (Islam)".

Despite the fact that this Act will go directly against the very principles upon which Western society is supposed to be based, namely 'freedom of expression' and 'freedom of belief' the British government are still endeavouring to enforce it and to make into a reality. The fallacy of multiculturalism and multi-faith alliances where all beliefs and religions are supposed to be tolerated is here exposed clearly showing the hatred that these non-Muslims (Kuffar) have for Islam and Muslims.

Even now this barbaric British regime are bombing our innocent Muslim brothers and sisters in Iraq, are stealing resources from Muslim land, are supporting the terrorist states of Israel, India, Russia and USA, and in 1998 unilaterally bombarded innocent Muslims in Afghanistan and Sudan. Muslims are on the defensive, we are defending our lives, homes and honour in Kashmir, Chechnya, Palestine etc since Islam honours and protects life and gives it sanctity just as Islam condemns terrorism against life although ironically it is the Muslims who are the ones labelled as terrorists.

O Muslims, our message is clear; do not become subservient to any man made law, do not stop practising and propagating your Deen and do not fear anything or anyone except Allah (swt). The Terrorism Act is an attempt by the kuffar to pacify the Muslims and for them to forget their obligations of fighting the occupying forces, implementing Islam and carrying it to the world. Continue supporting the Jihad throughout the world, continue fighting against occupying forces and foreign military bases in Muslim lands, continue working for the establishment of the Khilafah and the domination of Islam, continue struggling against the laws of the non-Muslims dominant in the world and do not hesitate to propagate Islam, to command good and to forbid the evil in society. Surely Allah (swt) is your witness and your protector, to him is your return and he (swt) alone can and will grant you victory.

O Muslims the reality of Bosnia and Kosova is beckoning closer and closer.

The proof of this reality is here in an Act designed to stop Muslims in their tracks. But remember that we are not subservient to any man, rather we do not work except for the sake of Allah (swt). Verily Allah (SWT) says: "It is not allowed for you to feel weak or to fall into despair?"

On the 19th of February 2001 the British Government will issue a new law of Terrorism which is aimed at Muslims

and Islamic Movements and their activities.

WHAT IS THE TERRORISM ACT 2000?

The Terrorism Act is a law put forward by this government in order to curb the spread of the fastest growing religion on Earth and to brand many Muslims and Islamic Movements as Terrorists. Under the Act a Muslim doing his/her duty of defending Muslim life, honour and property could be put in prison for life. Even fund-raising or supporting those working to liberate Muslim land could make you a terrorist or a supporter of terrorism.

WHAT IS TERRORISM AND WHO ARE THE TERRORISTS?

With increasing media attacks and government campaigns against Islam, public opinion is such that any Muslim who helps to spread Islam or support Muslims has already been branded an extremist or fundamentalist fanatic in the eyes of many in the West. In addition Modern films and media instil in the minds of viewers that it is Muslims who are the enemy whereas in reality we know it is the Western governments who perpetrate terrorism such as in

- the unilateral bombing of Afghanistan and Sudan in 1998,
- the evil sanctions against and the bombing of the innocent people of Iraq,
- the terrorist support shown for the Russians in Chechnya,
- the support for the Jews as they exile thousands of Palestinians from their homeland and
- the silence as the Indian army massacre the Muslims in Kashmir.
- The list is a long one?

The definition of a terrorist under the Act however is a Muslim who is trying to fulfil his obligations and to follow the Shari'ah.

Verily Allah (swt) says in the Quran: 'fight in the name of Allah those who fight you?.' however according to the new Act if a Muslim obeys this command then he is a terrorist. Hence the Muslims in Palestine, Kashmir and Chechnya will inadvertently all be labelled as terrorists as well.

ANTI-TERRORISM OR ANTI-ISLAM?

This Act has been debated for many months but it was given a low profile and minimal public discussion as the term "terrorist" seemed to exclude the majority of people, however it seems that those really being targeted by this Act are Muslims and the Islamic way of life (Ideology).

WHY IS THE NEW TERRORISM ACT SO DANGEROUS TO MUSLIMS AND ISLAM?

When this act comes into force in February of this year any officer of law will be able to arrest any Muslim involved in any way with Jihad at will which could set a precedent where it could become commonplace to discriminate against Muslims & Islam. This new law is unique

in that any Muslim accused of “terrorism” will have many so-called human and civil rights taken away despite the provisions of the Human rights Act passed in October 2000.

SO HOW DOES THIS NEW LAW AFFECT YOU?

It will attempt at restricting you from following the Qur’an and the Sunnah especially with regard to the obligations concerning Jihad.

IF YOU DEFEND MUSLIMS YOU COULD BE COMMITTING AN OFFENCE!

Allah (SWT) tells us to fight for Islam and defend the Muslims? Verily Allah (swt) says in the Qur’an: “Fight in the name of Allah those that fight you?.” [EMQ 2:190]

If you outwardly support, whether verbally or financially, the struggle for freedom in Kashmir, Palestine, Sudan or any Muslim country suffering atrocities YOU WILL BE COMMITTING AN OFFENCE!

If you Attend a Jummah Khutba given by someone belonging to a proscribed organisation YOU WILL BE COMMITTING AN OFFENCE!

In addition you will be required, under the new law, to walk out of the mosque if the Imam talks about supporting Jihad in Kashmir, Palestine etc? and you will be required to report the Imam to the Police!

BRIEF SUMMARY OF THE TERRORISM ACT 2000.

Would I be allowed to attend a demonstration in support of Muslims in Palestine, Kashmir, Chechnya etc?

Under Section 1 you could face 10 years imprisonment if you defend the honour of another Muslim through a demonstration or any public awareness event, protest or raise public anger or awareness against the actions or atrocities Muslims face in some countries. (for example demonstrations about Palestine, Kashmir, Sudan, Iraq etc?) if they are organised by proscribed organisations.

What if I have a friend belonging to an Islamic organisation?

Section 3 states that you or your organisation will be added to the list of “known Terrorists / terrorist supporters” at will by the government if you know and associate with or are sympathetic to an organisation or person that is working to help Muslims abroad through Jihad.

What if I am a member of an Islamic organisation?

Section 11 states that if you are a member of a Terrorist group or organisation this carries a maximum prison sentence of 10 years upon conviction if you show by your actions or say that you belong to such a group. (This might be inferred by attending talks, discussions, events etc? of proscribed organisations).

What if I attend a meeting or a public talk on Islam organised by an Islamic group?

Section 12 states that if you support a Terrorist group or organisation, you could face up to 10 years imprisonment if: You invite a named person or organisation to your home, school, work, community club or if such a person addresses you, if you give money, funding or help

to such an organisation or if you meet with any member of such an organisation. A meeting can be three or more people in the same place at the same time whether in private or public.

What if I wear a “Palestinian” scarf?

Section 13 states that you can get a fine or a maximum prison sentence of 6 months if: You wear any clothing or accessory that could associate you with a named organisation. (You could be associated with a “banned” Islamic group (eg: Hamas) and therefore arrested.

What if I send Zakat to Muslims in Kashmir, Palestine etc?

Sections 14,15,16,17,18 state that it is illegal to: Collect, give, receive, handle, use, possess, and conceal money or property, which is likely to be used for “Terrorism” including Mosque collections and sending/collecting money to your family here or abroad if they are forced to defend themselves against the attacks of oppressors. This also covers dealing with money or property on behalf of others which is likely to be used for “Terrorism”.

What if a relative is a member of an Islamic organisation?

Sections 19,20,21 state that it is illegal if you do not: Inform/co-operate or help the police/authorities with any person you think is involved in their so-called “terrorism”. E.g. by saying that your dad/ brother/sister etc? is collecting money to help other Muslims in Jihad.

What if one Police Officer feels that you might be “suspicious” because of the way you dress or behave?

The bill also states that: You can be arrested or searched without warrant. That your property or wealth could be seized simply on suspicion. (i.e. you would be guilty until you can prove that you are innocent. And if convicted you could face a prison sentence of up to 14 years.

As you can see this new law is a carefully orchestrated plan to eliminate Muslims and true Islam from the world by tying our hands from helping those who are in a desperate situation. This new law will aid them in trying to stamp out Islam if we don’t do anything about it.

Oh Muslims, this very legislation is endeavouring to prevent us from practising our Deen (Islam). The Muslims are the ones who are being targeted because Islam is the only belief in the world that has a complete way of life giving us rules and regulations for all issues including how to dress, to fight, and to rule over the people and is the only alternative to the hegemony of man made law, Capitalism and Communism. This law aims at making the Muslims vulnerable and subservient to the law of the land and for Muslims to leave their deen. And Allah (swt) has already warned us in the Quran: “The Jews and Christians will never be satisfied with you until they take you away from your Deen (Islam)”.

Ask yourself; what lessons did I learn from Bosnia, Kosova etc? Before it is too late!!!
